On Christmas Day, December 25, 2009, driving from Knightdale, NC, to Walnut Cove, NC, Ginny, Wayne and John Moorefield were involved in a serious car accident. The Moorefield family car hydroplaned in the rains of that day. The Moorefield's car hit the concrete median with the back passenger side of the car taking the brunt of the impact. The Moorefield's son, John, was sitting in that back seat in a car seat. John suffered direct impact to the left side of his head.

The family was transported to the Baptist Hospital in Winston Salem, NC. John, their 3 year old son, suffered the worst. Hospital staff had to remove part of his skull to allow for the swelling. They also had to remove part of his brain where the tissue had died and some more that was damaged. John spent the next three weeks in Brenner's Children's Hospital (part of Baptist Hospital) in Winston Salem, NC. John stayed in the pediatric ICU unit until being transferred to the Levine Children's Hospital in Charlotte, NC. John is involved in intense rehab to try to gain back the functions he lost due to the accident.

Friends and family are now asking you to help them in this fundraiser golf tournament at Timberlake Golf Club in Clinton, NC. Donations, tee sponsors and anything else we can do to help this family is greatly appreciated.
